CITROËN Ë-BERLINGO & BERLINGO VAN

Like you, it does it all.

Citroën Berlingo Van is your modern, sturdy and versatile business partner available in 2 body lengths.

The standard length M offers up to 3.9m³ load space, or you can increase capacity with the XL and up to 4.4m³. But your options don't end there...

Model trims

Enterprise Plus | Driver

Ë-Berlingo & Berlingo Van Enterprise Plus models include:

Comfort & Convenience

Air conditioning

Electric power assisted steering with height and reach adjustable sport steering wheel

10-inch digital instrument cluster

Seating & Interior features

3-Seater configuration

Six-way adjustable drivers seat with adjustable headrest: Includes lumbar adjustment and armrest

EXTENSO® modular folding passenger bench seat with load through hatch in bulkhead and load protection cover, pivoting writing table and storage under central seat

Overhead storage shelf in cabin

12 volt socket in dashboard

PU cabin floor protection

6 floor-mounted load securing rings

Technology & Entertainment

My Citroen Play Plus multimedia audio system - 10in HD colour touchscreen - AM/FM/DAB digital radio - Wifi Mirroring - Bluetooth & 2 USB connection - Two speakers & two tweeters

Citroën Connect Box with Emergency & Assistance system

Integrated steering wheel audio controls

Short Antenna (200mm)

Safety & Security

Remote central locking with deadlocking. Selective cab and load area locking via 3-button remote control key

Dashboard mounted central locking push button and auto locking above 7mph

Electronic Stability Control and ABS with Hill Start Assist, EBA and EBFD

Automatic activation of hazard warning lights on major deceleration

Driver and front passenger airbag, row-1 side airbag and row-1 curtain airbag

3 x 3 point seatbelts

Rear parking sensors

Cruise control with speed limiter

Lane Keep Assist

Advanced Emergency Braking System

Intelligent Speed Assistance Speed Limit Information

Driver Attention Alert level 4 (included driver weariness camera)

Electric Parking Brake

Exterior features

Sliding door, left side (standard on M)

Twin sliding side doors (Standard on XL)

Unglazed asymmetric rear doors, opening to 180 degrees

Electric front windows with one-touch operation

Tyre pressure monitor system

16 inch grey steel wheels with half hubcap

Puncture repair kit

Black door handles, exterior mirrors, front/rear bumpers and side rubbing strips

Sliding door rail cover – short black trim

Lighting & Visibility

Two-speed and intermittent front wipers

Eco LED headlights with integrated daytime running lights (Diesel)

Automatic illumination of headlight control

High level third brake light

Electrically adjustable door mirrors with temperature sensor

Manually folding door mirrors

High Beam Assist

Electric Vehicle Specific

Mode 3 charging cable with Type 2 connectors (6 meters) - for accelerated charging from wall boxes and dedicated public charging points

7.4kW single-phase onboard charger

AVAS: Acoustic Vehicle Alerting System. Generates a sound when travelling at low speed, audible outside the vehicle for pedestrian safety

Carpet floor in cabin

Crew Van specific features

5-Seater configuration

Four-way adjustable passenger seat with storage/trays on back of seat

Three-seat second-row bench with lap and diagonal seatbelts

Two-position moveable ladder frame bulkhead

My Citroen Drive Plus multimedia system:
– Fully integrated Satellite Navigation system
– 10-inch HD colour touchscreen with wireless mirror screen
– AM/FM/DAB digital radio
– 4G connectivity
– Voice control
– Natural voice recognition

Two speakers and two tweeters

Vinyl load floor covering

Please note: The above LCDV codes are for England, Wales and Scotland. For Northern Ireland the 'TX' is replaced with 'T0'.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and/or any changes by the government). Please see our Prices and Specifications brochures or contact your local Citroën Retailer for the most up-to-date prices and specification details for all models. CO_2 figures above are for a standard vehicle without any additional optional equipment. The addition of optional extras could increase the certified CO_2 emission output.

* Driver versions benefit from the EXTENSO® seat which provides an additional load length of 1273 mm and increases the load volume by 0.6 m^3.

** Crew Van dimensions are based upon figures with the 2nd row seats in place. For information on dimensions with 2nd row seats folded, and 2nd row seats folded with EXTENSO® seat, please refer to Berlingo Dimensions page.

***WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other vans tested to the same technical standard. The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures.

† All Manufacturer's Recommended Basic Prices are exclusive of V.A.T., Delivery to Retailer and Number Plates, Government First Registration Fee and Vehicle Excise Duty.

^ The Government PiVG is worked out at 35% of the Base Vehicle Price (incl. VAT) and including any discounts applied up to a maximum of £2,500.

Legal notice ELECTRIC VEHICLES:

The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as: speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

Safety Features

Your Berlingo comes with enhanced Safety and Driver Assistance features as standard.

1. Forward collision alert inc. Advanced Emergency Braking System (AEBS) alerts the driver of a potential collision with a vehicle or pedestrian in the path of the van through a combination of visual and audible warnings. Should the driver fail to react, the system will reduce the speed of the vehicle to limit the severity of any impact.

2. Dynamic Surround View* incorporates a digital rear-view mirror with cameras above the rear door and in the nearside exterior door mirror, extending the view of traditional rear view mirrors.
The system features include: Side blind spot detection displays a warning light in the nearside mirror to advise when a vehicle or obstacles is present. Visiopark 180° rear parking camera works with 12 parking sensors enabling safer reversing as the driver is now able to view a larger area via the digital display screen. Automatically activates when reverse gear is engaged or the rear doors are opened.

3. Driver Attention Alert** monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front camera A-pillar camera and steering wheel movements, warning you when it's time to take a quick break

4. Visiopark 180° with rear parking sensor* uses the rear camera to send a reconstructed 180° image of the rear area (at seen from above) onto the Touchscreen display. When the vehicle approaches an obstacle, the system automatically zooms in on the rear area to display the remaining distance more precisely. In addition, an audible alert informs of the distance measured by the rear bumper sensors.

5. Intelligent Speed Assistance recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

6. Lane Keep Assist automatically steers the vehicle to keep it in its lane when travelling over 40mph, unless turn signal is active.

Seating	**Option Code**			
Advanced Comfort Seat Pack - Specific Advanced Comfort trim, lumbar settings and armrests. Includes load-through bulkhead	0PDV	£450		

1 11 kW three-phase onboard charger option is not recommended unless you intend to charge your ë-Berlingo Van primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will actually charge your vehicle more slowly than the standard 7.4 kW single-phase onboard charger.

Citroën Connected Services
Vehicles equipped with the Citroën Connect box, have an embedded SIM card. So as well as the safety features of this system, a range of other 'connected services' which require data transmission, can be offered on a subscription basis. Additional terms & conditions apply to connected services, including customer acceptance of location sharing prior to activation. Subject to subscription - after you have taken delivery of your vehicle, please subscribe on: https://services-store.citroen.co.uk/

Telemaintenance: proactive monitoring of your vehicle & contact when something needs attention

Real Time Traffic & Speedcam Package: live data to enhance the Citroën Connect Nav system

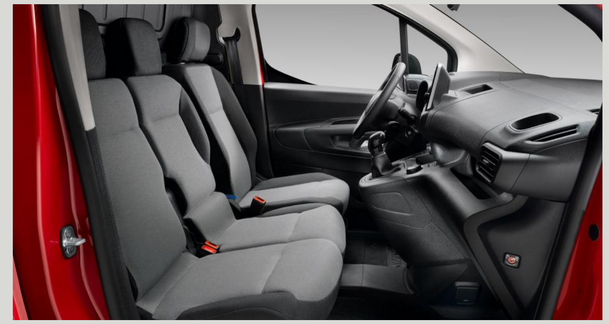

Service availability depends on the hardware on each vehicle. To see if your vehicle is eligible for any services and subscribe, log in or create an account on https://services-store.Citroën.co.uk/

Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the US and other countries. Android is a trademark of Google Inc., also registered in the US and other countries. Services may require a subscription/fee and are subject to mobile network coverage and availability

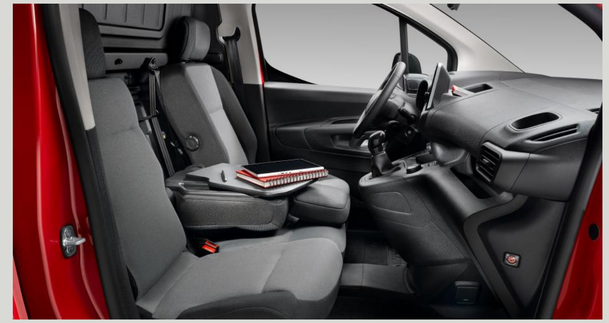

Extenso® cabin

The modular Extenso® cab features three seats plus useful flexibility and smart storage spaces. It also accommodates longer objects from the rear extending load length to up to 3.44 m.

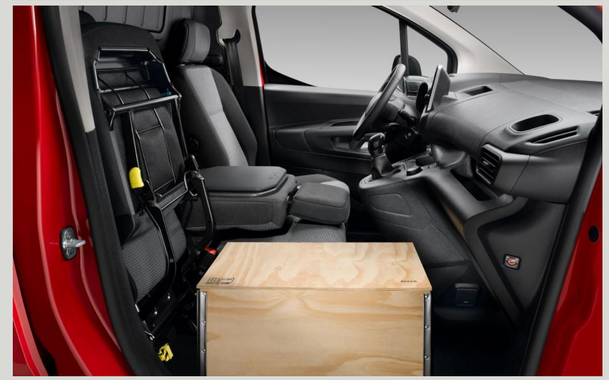

Three individual seats in the front for your team.

The central seatback can be folded down to access a pivoting table.

Fold the side passenger seat up to provide additional space for transporting fragile loads in the footwell.

All Manufacturer's Recommended Basic Prices are exclusive of VAT.

Drive Assist Pack

Adaptive Cruise Control. Maintains the speed set but if a slower vehicle is detected ahead, the system will automatically lower the vehicle speed to keep a safe distance – 19mph minimum with manual transmission. For models with automatic transmission, the system will bring the vehicle to a complete standstill if required.

Lane Positioning Assist. If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

Advanced emergency Braking System. This system alerts the driver of a potential collision through a combination of visual and then audible warnings. Should the driver fail to react, autonomous emergency braking is triggered to help mitigate/ avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

Extended Traffic Sign Recognition. This system automatically detects and reads speed limit start and end signs. The maximum authorised speed detected is shown in the instrument panel. The information is updated as soon as you pass a speed limit sign.

2 Not available with J6ML Access & Go Pack or with ZVL0 Drive Assist Pack. Electric Only
3 Not available with J6SR Winter Pack
4 Electric Only

SpeedCam/Danger Zones package
The SpeedCam/Danger Zones package helps you identify situations which require increased attention by sending you both audible and visual alerts (subject to settings). Within the UK the service highlights different types of speed cameras, and red light cameras, as well as accident blackspots. While the service is operational across most of Europe, it adapts as necessary when travelling in different countries to ensure the local laws with respect to Speed Camera identification are followed. This option can be added to your Citroën Connect Nav subscription at any time. Please visit https://services-store.citroen.co.uk/ to subscribe.

Citroën Connected Services
Vehicles equipped with the Citroën Connect box, have an embedded SIM card. So as well as the safety features of this system, a range of other 'connected services' which require data transmission, can be offered on a subscription basis. Service availability depends on the hardware on each vehicle. To see if your vehicle is eligible for any services and subscribe, log in or create an account on https://services-store.Citroën.co.uk/

Also includes a fleet management service offer....

Preventive Maintenance

For 4 Years for customers managed by DEALERS

(B2C & SME)

The Preventive Maintenance Service is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

Connect Fleet

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

For more details click here

For contact click here

4 YEARS TRANSFERABLE

OR

Fleet Management Data Pack

For 4 Years for customers managed by NSC KAMs

(Major Fleets, RAC & Leasing)

Natively embedded telematics data via MyCitroën is already included in vehicle purchase for eligible vehicles. This enables a multitude of fleet management use cases to boost fleet efficiency, safety and sustainability, including:

- Fuel Management
- Vehicle Health Monitoring & Maintenance Management
- Route Optimisation
- Driver Monitoring
- EV Charging Management

Benefits for Fleet Customers

- Compatible with any Fleet Management Service Provider
- No expenses for aftermarket device, no additional data costs for customer
- No downtime for installation
- Seamless, immediate and zero-touch activation, rapid deployment at scale
- As telematics system is fully integrated in vehicle, data source is primary and will not be a third party approximation

Electric information at your fingertips

The driver's display behind the steering wheel provides battery charge status and there's a range of additional information via the 10 inch central touchscreen.

octopus energy

Everything you need to charge

Citroën have partnered with Octopus Energy to provide everything you need for your new Citroën ë-Berlingo van, including a tariff, charger and a solution for charging on the go making owning an electric vehicle easier and hassle-free. Click here for more information.

* WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other vans tested to the same technical standard. The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.
The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures. The CO_2 figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

* *The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1st September 2018.

They may vary depending on actual conditions of use and on different factors including (but not limited to):
- speed
- thermal comfort on board the vehicle
- driving style
- outside temperature.

The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Kerb weight

The Minimum Mass minus the driver's weight. When Kerb Weight used, driver weight is included within the Maximum Indicative Payload weight.

Minimum Mass

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load/EV battery. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload does not include driver but does take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

Roof load should not exceed 100kg including the weight of the roof rack/carrier.

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Citroën towing attachments and accessories available from your Citroën Commercial Vehicle Retailer. They are designed specifically for Citroën models and carry a 12-month warranty.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Conversions

Body builders requiring conversion guidance including 2D drawings & 3D CAD should establish an account at www.converters-and-stellantis.com

Dimensions

Exterior Dimensions

Panel Van & Crew Van		
Dimensions (mm)	M	XL

Load width between wheel arches	1229	
Max. load width	1527	
Max. load height	1200	1270
Load volume (without EXTENSO® seat folded if applicable)	3.3	3.9
Load volume (with EXTENSO® seat folded if applicable)	3.8	4.4
Rear sill load height min to max	547 - 588	560 - 569
Rear sill load height min to max (with Worksite Pack)	601 - 625	604 - 617

Note: Measurements quoted are based on a non ply van delivered from the factory.

*Load length at floor along centre is impacted by rear door locking mechanism (by approximately 60mm)

Crew Van	
Dimensions - mm; Volume - m^3	XL
Load length at floor (without rear seats or passenger seat folded)	1450
Load length at floor to bulkhead (with rear seats folded and bulkhead in forward position)	2000
Load length at floor to front of cab (rear seats & passenger seat folded and load-through bulkhead open)	3050
Load volume (without rear seats or passenger seat folded)	1.8
Load volume (rear seats folded & bulkhead in forward position)	3.5
Load volume m^3 (rear seats & passenger seat folded and load-through bulkhead open)	4.0
Rear sill load height min to max	560 - 569

CITROËN Ë-BERLINGO
& BERLINGO VAN

Citroën & You

A network of Citroën Van Retailers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today's Citroën customer.

Retailers can offer advice on vehicle funding; via Leasys with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Hire Purchase or Citroën Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products.

Delivery and number plates

There is a standard charge for delivery with number plates as follows:

Citroën Berlingo & Berlingo Van, Dispatch and Relay: **£1,074.17 exc. V.A.T. (£1,289 inc. V.A.T.)**

These prices are exclusive of Vehicle Excise Duty and the Government First Registration Fee. Where delivery is not made to the customer at the Retailer's premises, a further charge may be made at the Retailer's discretion.

Vehicle Excise Duty

V.E.D. rate for all commercial vehicles up to and including 3,500kg G.V.W.: **£345**
V.E.D. rate for all commercial vehicles above 3,500kg G.V.W.: **£171**

Vehicle conversions

Conversions of vehicles supplied by Citroën UK are carried out by independent companies to suit the needs of individual customers. In all cases, the converter company is responsible for:

- Ensuring that the converted vehicle conforms to all legislation in force at the time
- The suitability of the conversion carried out, in agreement with the customer
- The quality of design and workmanship of the conversion
- Claims under guarantee relating to the conversion

Citroën UK Ltd does not accept any liability whatsoever and howsoever incurred in respect of the works carried out by such independent companies, and customers must assure themselves of the suitability, quality and legal conformity of such conversion works.

Citroën Fleet and Business sales

All Citroën New Van Retailers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing vans, priority servicing and much more. In short, their expertise aims to provide a 'total transport solution' for all your fleet or business vehicle needs.

For more information on Citroën fleet and business sales please contact your local Citroën Retailer or click here

Leasys

Leasys is the proud Business Contract Hire partner of Citroën and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Citroën Retailer or **Click here**.

Comprehensive Warranty

Every new Citroën van offers the benefit of a three year* warranty package, plus a five year anti-perforation** warranty and a two year paint warranty.

In addition, the ë-Berlingo van, ë-Dispatch and ë-Relay offer a manufacturer's battery warranty of eight years/100,000 miles up to 70% charging capacity.

* Two years' unlimited mileage manufacturer's warranty. No-fee customer option of one year's Retailer provided warranty, only on vehicles sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 100,000 miles for all commercial vehicles including motorhomes and other converted vehicles.

** Against all internal to external perforation to bodywork or underbody on condition the van undergoes an inspection by a Citroën franchised Retailer on its second and fourth anniversaries.

Citroën Assistance

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency.

It comes free of charge for a full year, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both van and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional Citroën Assistance via your local Citroën Retailer at any time. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes.
ë-Berlingo, ë-Dispatch and ë-Relay vans come with a free of charge three year Citroën Assistance starting from the date of registration.

For more details please click here

Servicing

Available up to one year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing package enables you to pay in advance for:

- Scheduled Servicing†
- Annual Service(s)† for vehicles with a two year service plan
- Brake Fluid Replacement†

This package can be personalised depending on your needs, with options ranging from 12 to 60 months and 10,000 to 100,000 miles.

† As outlined in your vehicle's Maintenance & Warranty Guide.

Maintenance

For a single fee or low monthly payments, you can put yourself in control of your maintenance costs. Depending on your needs, you can choose from a package that covers you between 12 and 48 months and between 10,000 and 150,000 miles and provides you with:

- Scheduled Servicing†
- Periodic Maintenance†
- Wear and Tear Cover – The replacement of friction materials such as brake pads, discs, wiper blades, clutch and other such items needed to keep you and your vehicle on the move
- Citroën Assistance, provided by the AA, includes: Roadside & At Home Assistance, Recovery, Onward Travel and European Cover
- MOT test fees

Why not add the following option to your chosen package:

- Replacement of worn tyres, including wheel balancing (includes puncture repairs)
- Replacement vehicle whilst yours is being serviced or MOT'd

Rest assured that all Maintenance and Servicing work will be carried out by qualified Citroën Technicians at any Citroën Authorised Repairer within the UK, using only Citroën Original Equipment and Approved Parts.

For further information, please contact your Citroën Retailer.

Citroën Motor Insurance

Citroën Insurance has been designed specifically for our vehicles. You don't just get repairs you get Citroën expertise, service, quality and parts. You see, where other insurers see a vehicle, we see a Citroën.

So, when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725. (Lines open 8am-8pm weekdays, 9am-5pm Saturdays)

Alternatively, visit www.citroen.co.uk for more information or to apply online.

Citroën Insurance policies are underwritten by U K Insurance Limited, Registered office: The Wharf, Neville Street, Leeds, LS1 4AZ. Registered in England & Wales No. 1179980. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Citroën Insurance is a trading style of PSA Finance UK Limited (company registration number: 01024322) having its registered office at 61 London Road, Redhill, Surrey, RH1 1QA.

Internet

Click here to visit the Citroën Website for full information on all Citroën products and offers available in the UK, together with details of our environmental and recycling policies. Or **click here** to contact Citroën directly. Alternatively, for further information, please contact your Citroën Retailer.

Citroën Connected Services

Vehicles equipped with the Citroën Connect box have an embedded SIM card.

This means that as well as safety features, Citroën drivers can subscribe to a range of connected services:

- Real Time Traffic and Speedcam alerts: with live data to enhance the Citroën Connect Nav system
- Remote access to lock or unlock the vehicle's doors from a smartphone
- E-remote Control: remote management of electric vehicle charging and temperature
- And much more!

Service availability depends on the hardware fitted on each vehicle. For more information **click here**.
