Further information

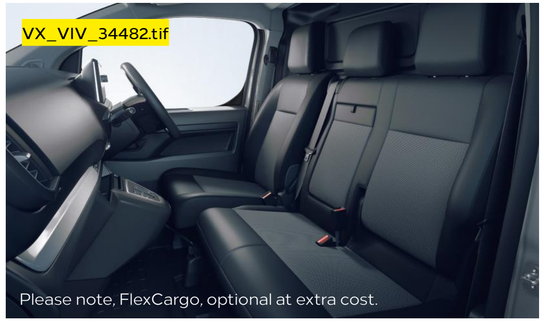

The new Vivaro has a stylish new look, featuring the now familiar vizor front-end together with a totally refreshed cockpit and infotainment systems that include a 10-inch touchscreen and wireless smartphone connectivity. Designed to perform with the same level of durability, practicality and comfort, Vivaro is built for business and continues to deliver class-leading payload and flexible loadspace.

There's now a total of 18 advanced driver assistance and safety systems, while the availability of an improved, all-electric powerplant and powerful yet efficient diesel engine range, plus a hydrogen fuel cell variant due in the future, takes it even further. We're delighted you're considering the purchase of a new Vivaro and hope this guide will help you make the right choice for your business.

Please note, some vehicles illustrated may not feature the correct UK specifications. Please consult your Retailer for details.

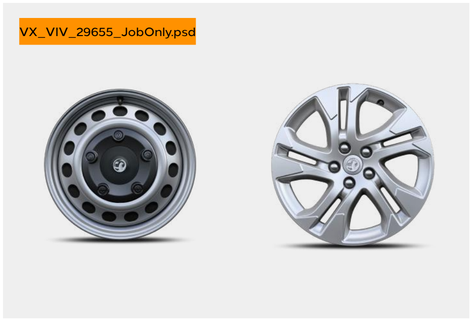

Prime

Panel Van.

Doublecab.

16-inch steel wheel with centre cap.

17-inch alloy wheel (extra cost option).*

Standard Prime features include:

Infotainment
- Multimedia Pro
  - 10-inch HD colour touchscreen with wireless mirror screen
  - AM/FM/DAB digital radio
  - 4G connectivity
  - Voice control
  - Natural voice recognition
  - Two speakers and two tweeters
- Vauxhall Connect including fleet services (see page 12 for details)

Interior convenience/styling
- 10-inch colour digital instrument cluster
- Steering wheel mounted audio controls
- Reach and rake-adjustable steering wheel
- Air conditioning
- Multi-function trip computer
- Cruise control with speed limiter
- Six-way adjustable driver's seat with lumbar adjustment and armrest
- Dual front passengers' bench seat with underseat storage
- Paddle shifters for regenerative braking selection – light/medium/strong (Electric only)
- 12V socket in lower glove box (1 only in Cabin)
- USB socket in cabin (dashboard)

Exterior convenience/styling
- Electrically adjustable/heated door mirrors (manual fold)
- Electrically operated front windows
- 16-inch steel wheels with centre cap and 215/65 R 16 tyres
- Black Front/Rear Bumper, Door Handles, Side protection mouldings, Sliding Door Rail Cover
- Laminated windscreen
- Rear parking distance sensors
- Nearside and offside sliding side-access doors
- Twin solid rear doors
- Emergency tyre inflation kit
- Electronic power steering

Safety/security
- Selective door locking
- Remote control central deadlocking
- Two keys with integral remote
- Lockable fuel filler/Electric charge flap
- Driver and front passengers' airbags
- Height-adjustable front seatbelts
- Electronic stability programme with traction control
- Anti-lock braking system
- Advance emergency braking system
- Full-height steel bulkhead
- Hill start assist
- Engine deadlock immobiliser
- Tyre pressure monitoring system
- High beam assist
- Automatic lighting control
- Daytime running lights
- Rain-sensitive windscreen wipers
- Intelligent speed assistance
- Lane keep assist
- Driver attention alert

Doublecab

Additionally feature
- Driver and front passengers' curtain and side-impact airbags
- Three-individually contoured rear seats
- Full-height ABS plastic bulkhead with window
- Glazed nearside and offside-access doors

*For more details see Features/options - Exterior style, click here

Please note: Doublecab rear seating is not equipped with ISOFIX child seat mountings.

Pro

Please note, 17-inch silver alloy wheels, optional at extra cost.

17-inch steel wheel with full-diameter wheel trim.

17-inch alloy wheel (extra cost option).*

Features over and above Prime:

Infotainment
- Multimedia Pro NAVI
  - Fully integrated satellite Navigation system
  - 10-inch HD colour touchscreen with wireless mirror screen
  - AM/FM/DAB digital radio
  - 4G connectivity
  - Voice control
  - Natural voice recognition
  - Two speakers and two tweeters

Interior convenience/styling
- FlexCargo load-through bulkhead
- Fold-flat centre seat backrest providing flat work surface
- 12V socket in load area (LHS at bottom of D-Pillar)

Exterior convenience/styling
- Electrically foldable door mirrors
- ECO LED headlights with integrated daytime running lights
- 17-inch steel wheels with full-diameter wheel trims and 215/60 R 17 tyres
- Exterior Look Pack:
  - Painted Front bumper
  - Painted Rear Bumper (Standard only)
  - Painted Rear Bumper Corners; Centre section remains black (XL only)
  - Painted exterior rear view mirror cover
  - Painted exterior handles
  - Painted side mouldings - Black
  - Painted Sliding Door Rail Cover
  - Fog lamps

Safety/security
- Dynamic Surround View
  - Digital rear view mirror and lateral side view
  - Front & Rear Park Assist
  - Flankguard detection of fixed obstacles
  - Visiopark 180°
  - Blind Spot Detection
  - Foldable mirror
- Remote control security alarm system

*For more details see Features/options - Exterior style, click here

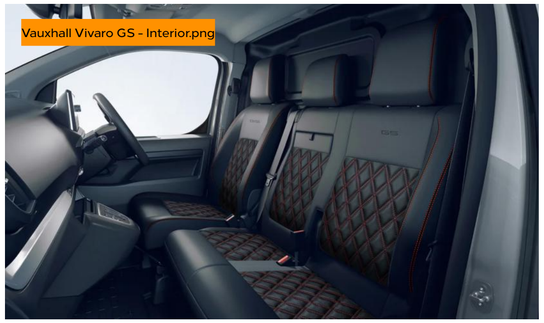

GS

Features over and above Pro:

- Hand-crafted and fitted eco-leather seats with embossed GS logo, bold red stitching, and perforated material for ventilation
- Exclusive Y-Spoke 18" alloy wheels fitted with high-load capacity Nankang tyres
- GS body kit featuring Front Lip Spoiler, Side skirts with integrated front mud guards, Piano black rear spoiler and unique Rear Bumper
- Dual-zone electronic climate control
- Keyless entry & start
- Wireless charging
- Electric Parking Brake
- Heated leather steering wheel
- Heated driver's seat
- 1st row thorax side airbags
- Metallic Paint
  (Quartz Silver or Mercury Grey only)
- Unique GS Badge

GS features Surround Rear View & not Dynamic (as standard on Pro). Surround Rear View features Front & Rear Park Assist, Flankguard detection, Visiopark 180, Blind spot detection and Foldable Exterior Mirrors. However, it does not include the Digital Rear View Mirror.

There are no options available on GS except LZ04: 11kW OBC. This is chargeable.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £995.00 exc. VAT (£1,194.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £5,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded.

*Provisional data. **Minimum Mass for standard vehicles will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload. †Please note, once body has been added to make vehicle complete the converter will be able to calculate EV range.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £995.00 exc. VAT (£1,194.00 inc. VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 750kg – all models.

*Minimum Mass for standard vehicles include coolant, oil and 90% full fuel tank. They will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

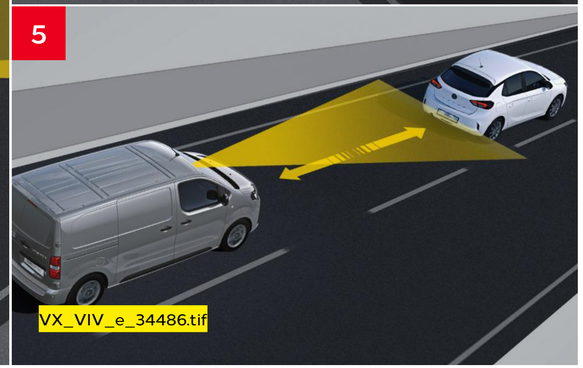

Safety features

1. Dynamic surround view

Incorporates a digital rear-view mirror with cameras above the rear door and in the nearside exterior door mirror, extending the view of traditional rear view mirrors.
The system features include:
Side blind spot detection – Enables the driver to clearly see obstacles on the nearside.
Visiopark 180° rear parking camera – Working with 12 parking sensors enables safer reversing as the driver is now able to view a larger area via the digital display screen. Automatically activates when reverse gear is engaged or the rear doors are opened.

2. Intelligent speed assistance

Recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

3. High beam assist

Switches the headlights between high beam and dipped beam automatically to avoid blinding other drivers.

4. Lane keep assist

If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

5. Active cruise control with stop and go facility

Maintains the speed set but if a slower vehicle is detected ahead, the system will automatically lower the vehicle speed to keep a safe distance – 19mph minimum with manual transmission. For models with automatic transmission, the system will bring the vehicle to a complete standstill if required.

Driver attention alert*

Monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front camera and steering wheel movements, and then warns you when it's time to take a quick break.

Forward collision alert incorporating Autonomous Emergency Braking System (AEBS)*

This system alerts the driver of a potential collision through a combination of visual and then audible warnings. Should the driver fail to react, Autonomous Emergency Braking is triggered to help mitigate/avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

Please note, Vauxhall driver assistance systems are intended to support the driver within the system-imminent limitations. The driver remains responsible for the driving task at all times. *Not illustrated.

New Vivaro also includes a fleet management service offer....

Preventative Maintenance

For 4 Years for Customers managed by DEALERS
(B2C & SME)

The Preventive Maintenance Service via Free2Move is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

For more details click here

For contact click here

4 YEARS TRANSFERABLE

OR

Fleet Management Data Pack

For 4 Years for customers managed by NSC KAMs
(Major Fleets, RAC & Leasing)

Natively embedded telematics data via Vauxhall Connect is already included in vehicle purchase for eligible vehicles. This enables a multitude of fleet management use cases to boost fleet efficiency, safety and sustainability, including:

- Fuel Management
- Vehicle Health Monitoring & Maintenance Management
- Route Optimisation
- Driver Monitoring
- EV Charging Management

Benefits for Fleet Customers

- Compatible with any Fleet Management Service Provider
- No expenses for aftermarket device, no additional data costs for customer
- No downtime for installation
- Seamless, immediate and zero-touch activation, rapid deployment at scale
- As telematics system is fully integrated in vehicle, data source is primary and will not be a third party approximation.

For more details click here

For contact click here

4 YEARS NON-TRANSFERABLE

Vauxhall Connect

Vauxhall Connect* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

Safety
The more you know, the safer your journey – that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

Peace of mind
- Emergency call (SOS e-call)
- Breakdown call (b-call)

e-Remote control
Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

Convenience
- E-remote control (Electric only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature (additional subscription)

Live navigation plus†
With real-time directions and traffic information from the leading European GPS provider, TomTom®, every journey will be a breeze.
- TomTom® services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

Maintenance
Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle – and notifies you as soon as something needs attention.
- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

Connect ONE
Covers Emergency call and Breakdown call, Telemaintenance and Vehicle Status & Information.

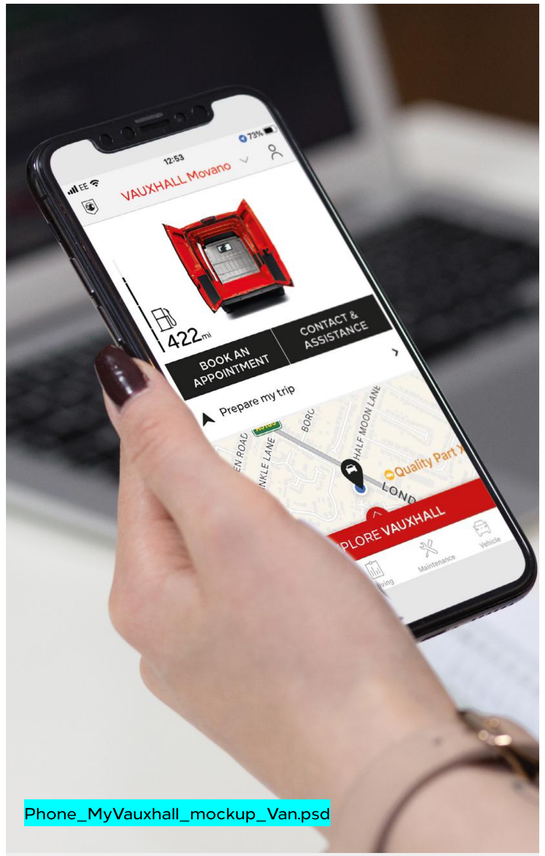

Connect PLUS
Covers Public charging, Pre-conditioning, Live Navigation and Remote Access.

Explore MyVauxhall
Ready to make life easier? Meet MyVauxhall – your one-stop shop for everything Vauxhall.

Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

Download MyVauxhall App

Tropic Beige (E0CC)† £750

Sky Blue (E03L)† £750

Additional lead-time for special paint will be confirmed at order placement (event 25). Consult Retailer for details. The colours reproduced may vary slightly from the actual paint colour. As a result they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint samples. Please note, vehicles shown are for illustrative purposes only.

*Standard exterior paint. **Optional at extra cost excluding VAT. †Optional at extra cost excluding VAT. Available on Prime models only.

Specifications – Electric

Single-speed electronic drive selector

All-electric single speed drive means there is no need for multiple gears. Instead the e-toggle enables the driver to select from the following:

• Park • Reverse • Neutral • Drive

• Braking (for increased regenerative braking)

Drive mode selector

The driver can determine the driving style by selecting one of the following modes:

- **Normal (107PS):** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **Power (136PS):** with high power reserves for the highest top speed and torque. Recommended at full capacity
- **ECO (80PS):** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

Charging

Vivaro Electric comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option. For more details please consult your local Retailer.

Need help with home or public charging? Check out Vauxhall's Plug & Go partnership with Octopus

Click here to find out more

octopus energy

Braking

Energy recuperation

The regenerative braking system works when the vehicle is in motion. Energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can engage braking mode through the drive selector or use the paddle shifters to select the choice of regeneration – light/medium/strong.

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

Pre-conditioning prior to a journey enables the cabin to be set to a comfortable 21°C for a defined starting time. Whilst plugged into charger this feature can minimise impact on range of climate control. This function can be access via the Climate Screen of Infotainment unit or via the MyVauxhall App (subscription required.)

Drivetrain – Electric	
CO_2 emissions	0g/km
Maximum power	100kW (136PS)
Maximum torque	270Nm (192lb. ft.)
Acceleration 0 – 62mph	14.3 sec
Maximum speed	81mph
Transmission	Automatic electric drive with fixed gear ratio
Service interval	Every 25,000 miles or 2 years (whichever comes sooner). Initial inspection at 12,500 miles or 1 year (whichever comes sooner)

Battery	
Battery capacity	75kWh
AC on-board charger speed (standard)	7.4kW
WLTP Range (Combined)	194 – 230 miles
WLTP Range (City)	195 - 314 miles
Energy consumption (Combined low/high)	22.4 – 26.4kWh/100km
Battery warranty	8 years/100,000 miles/70% capacity

Charging (Supply)	Socket	Charge Time (0 – 100%)
AC current – Domestic 3 pin socket	Type 2	36h 45m
AC current – Home wallbox or public charger (7.4kW)	Type 2	11h 20m
AC current – Public charger (11kW)**	Type 2	7h 30m
DC current – Rapid charger (100kW)	CCS	45m (5 – 80%)

The Vivaro Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

**Requires optional 11kW on board charger.

S/S = Start/Stop.

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO_2 values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO_2 produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO_2 figures. The CO_2 figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Specifications

Transmissions

Six-speed manual gearbox
Diesel engines: 2.0 (120PS/145PS) Turbo D

Eight-speed automatic transmission
Diesel engines: 2.0 (145PS/180PS) Turbo D

By simply twisting the dial, the following modes can be selected:

- Park, for when the vehicle is stationary and the wheels are locked
- Drive, for automatic forward motion
- Neutral, for when the vehicle is stationary, wheels are free
- Reverse, for automatic backward motion

For an extra experience of dynamism, the shift paddles for automatic transmissions are located behind the steering wheel, offering drivers an extra level of control that is highly ergonomic and intuitive. The shift paddles function in the following way:

- To go up a gear, the driver must pull the right lever towards themselves
- To go down a gear, the driver must pull the left lever towards themselves – Please note: only consecutive gear changes are possible

Steering

- Electronic power steering
- Energy absorbing steering column
- Turning circle (kerb-to-kerb): 12.4m (40.7ft.)

Brakes

- Front ventilated disc brakes: 304mm x 28mm
- Rear disc brakes: 290mm x 12mm
- Emergency brake assist
- Electronic brakeforce distribution

Suspension

- Front: Independent. MacPherson struts with gas-pressure dampers and linear-rate coil springs. Anti-roll bar
- Rear: Torsion beam with gas-pressure dampers and constant-rate coil springs

Fuel tank capacities

- 70 litres – Diesel
- 22.5 litres – AdBlue®

Exterior dimensions – mm	Vivaro	Vivaro XL

Panel Van with load-through facility	5.8	6.6
Doublecab	3.2	4.0

*Maximum load floor length along centre can be impacted by rear door locking mechanism – approximately 50mm.

Glossary of terms

Plated weight
The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Minimum Mass
Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)
The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)
The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload
The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload does not include driver but does take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads
Roof load should not exceed 100kg including the weight of the roof rack/carrier

Maximum towing weight
The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Commercial Vehicle Categories Differences between M1/N1 and M2/ N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Conversions

Body builders requiring conversion guidance including 2D drawings & 3D CAD should establish an account at www.converters-and-stellantis.com/

Further information

Vauxhall on-the-road recommended retail prices (RRP)
To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer, 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00.*

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

*Correct at time of publication.

Price protection
Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new vehicle, but you must take delivery as soon as the vehicle is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

Vehicle Excise Duty
The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance.

Customer Care Commitment
For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 100,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

**Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance
Vauxhall Assistance is provided automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents and mechanical breakdowns to flat tyres. For even more peace of mind, for fully electric models the cover is extended† to 3 years. With Vauxhall Assistance help is literally just a free†† phone call away, 24 hours a day, 365 days a year!

†Terms and conditions apply. Please click here for full terms and conditions. ††Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty
For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Vauxhall Service Plan
Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise, see **vauxhall.co.uk/discover/here-for-you.html**

Protecting the environment
Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see **vauxhall.co.uk/recycling**

In the event of an accident...
Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit **vauxhall.co.uk/AccidentManagement**

Van Business Centres
Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

LEASYS

Leasys UK
Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit **leasys.com/uk**
